BRAZZEN

Product Index

*The specifications are subject
to change without prior notice.*

We see different prices all over Australia for cattle panels.
Why is this?
# What to look out for?

BRAZZEN
RURAL PRODUCTS

BRAZZEN, OVER THE YEARS HAS BECOME A DOMINANT PLAYER IN THE LIVESTOCK EQUIPMENT INDUSTRY.

1 Many panel weights are very light due to the gauges, the steel rails and posts are very thin. 1.1mm is now becoming the norm in cheap panels. They dent like an Aluminium can. Brazzen Panels are all oval rails 1.5mm thick and the posts are 1.7mm. The standard panels are 36kg in total weight.

2 Some cattle panels will have 5 rails instead of 6 rails to save money. This is an old trick.

3 Some cattle panels have 60x30mm oval rails and 40x40mm posts.

4 Brazzen Cattle panels have 70x40mm oval rails and 50x50mm Posts. Many panels go with the half pin cleat instead of the full C cleat. Brazzen has the full C cleats on both sides and also has rubber in the cleat holes to stop the rattling noise of the pins.
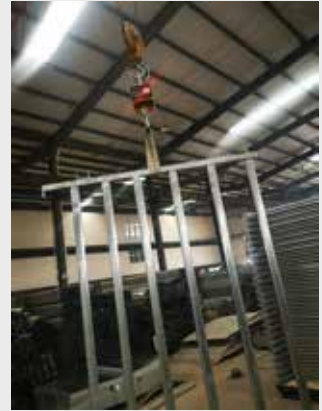

BE BRAZZEN BUY BRAZZEN

5 Most panels have a very low galvanized coating (Pre-gal) as low as 20grams per square meter of Galvanising. (20gms m2)

6 Brazzen Posts are Hot Dipped Gal not a coating which is over 200gms m2 and the rails are over 60gms m2

7 Brazzen also salt tests the welds to make sure they can withstand many hours of salt washing and the welders use splatter rubbers to stop weld splatter on the rails and posts which are hidden from gal paint and can eventually rust.

8 All Brazzen panels have the Brazzen logo on the caps of all the posts.

If you have a farm and would like to make another income we are looking for dealers. Reach out if this is something you are interested in.

Next time you choose a Cattle Panel you need to ask yourself if a Cattle Panel is a Brazzen Cattle Panel.

www.brazzen.com.au | 1300 686 517

Head Bale

- Ideal for use with two cattle panels and a sliding gate to create a budget crush
- Easy to operate ratchet system
- Head bale is 750mm inside and 850mm outside

		Width	Depth	Height	Weight
Head Bale	CHB	850(2.79')	250(0.8')	2100(6.89')	120kg(265lb)

Hobby Crush

- Ideal for the hobby farmer
- Simple construction
- Portable
- Easy operating sliding gate
- Anti bruise oval rail panels

Kit includes:
- 1x cattle head bale
- 2x cattle panels
- 1x cattle sliding gate
		Width	Depth	Height	Weight
Hobby Crush	CCH	2500(8.2')	850(2.79')	2030(7.5')	260kg(573lb)

Standard Crush

- Sheeted bottom side gates for operator and animal safety
- Triple top gates allowing full access along animal
- Auto lock rear sliding gate
- Adjustable rear handle
- Walk through vet section
- Supplied in flat pack
	Length	Depth	Height	Weight
Standard Crush **CCSFP**	3350(11')	850(2.79')	2030(7.5')	580kg(1279lb)
Optional Chin Lift **CCL**				46kg(101lb)

• Optional Chin Lift of Standard and Premium Crush
• Offside Chin Lift Available

BRAZZEN

CATTLE

Premium Crush

- 3mm gauge steel frame
- Walk through vet section
- Baulk gate
- Kick latch
- Rump squeeze
- New design allows safer access to rear of animal
- Triple top gates allowing full access along animal
- Double lower doors on each side for hoof access
- Sheeted sliding gate
- Long ratchet rump bar mechanism
- Auto lock rear sliding gate
- Supplied in flat pack
		Length	Depth	Height	Weight
Premium Crush	CCPFP	3350(11')	850(2.79')	2030(7.5')	644kg(1420lb)
Optional Chin Lift	CCL				46kg(101lb)

• **Optional Chin Lift of Standard and Premium Crush**
• **Offside Chin Lift Available**

Premium Full Squeeze Crush

- Sheeted head bale & bottom side gates for operator and animal safety
- Auto lock rear sliding gate
- Innovative silent operation
- Walk through vet section
- Parallel squeeze
- 2x large access doors
- Neck inspection doors
- Front & rear head bale operation
- Supplied in flat pack
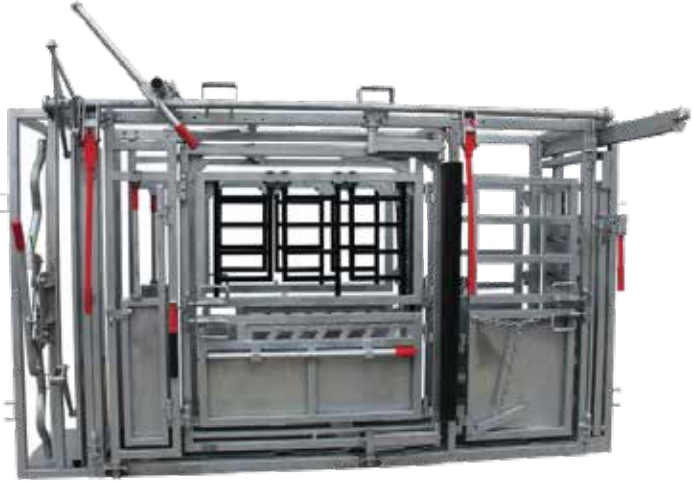

Ensure the Crush is bolted down if the roof is attached.

		Length	Width	Height	Weight
Squeeze Crush	**CCPSFP**	3630(11.91')	850(2.79')	2400(7.87')	1070kg(2359lb)
Optional Roof	**RCL**	4200(13.78')	4280(14.04')		206kg (454lb)

BRAZZEN

Adjustable Ramp

- Fully adjustable height for trailer to truck loading
- Designed to suit all cattle yards
- Ramps available with detachable walkways on request
- Minimum height - 680mm Maximum height - 1270mm

Optional Walkway Kit Available

STANDARD RAMP

Optional Walkway Kit With Safety Rail Available
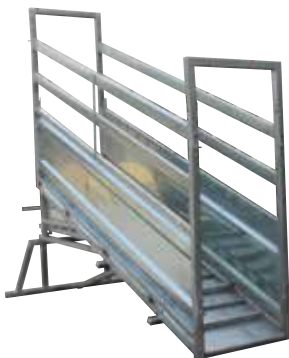

PREMIUM RAMP

		Length	Depth	Height	Weight
Standard Ramp	**CRFP**	3280(10.76')	850(2.78')	3350(11')	332kg(732lb)
Premium Ramp	**CRPFP**	3280(10.76')	850(2.78')	3350(11')	387kg(853lb)
Standard Ramp WPC	**CRTFFP**	3280(10.76')	850(2.78')	3350(11')	394kg(872lb)
Premium Ramp WPC	**CRPTFFP**	3280(10.76')	850(2.78')	3350(11')	449kg(993lb)
Walkway Kit With Safety Rail	**CRWK600F**	3131.6(10.27')	660(2.17')	1800(5.91')	101kg(223lb)
Walkway Kit	**CRWK**	3450(11.31')	310(1')		39kg(86lb)
Cattle Ramp Mobile Kit	**CRKM**				

Optional Mobile Kit Available

Premium Mobile Ramp

- Robust construction
- 1x3.6m mobile cattle ramp
- Ideal for moving around property
- Holds 12x portable cattle panels (not included)
- The premium floor is WPC board which is a durable and long lasting material used to replace timber

PREMIUM MOBILE RAMP

PANELS NOT INCLUDED WHEN ORDERING

		Length	Depth	Height	Weight
Premium Mobile	CRPM	5330(17.5')	2240(7.35')	2680(8.8')	696kg(1534lb)

Cattle Anti-Backing Bar
		Length	Height	Weight
Cattle Anti-Backing Bar	CBAB	1145(3.76')	920(3.02')	23.8kg(52.5lb)

Cattle Panels

Budget Panel
This middle of the range panel is equipped with:
- 6x oval 60 x 30 (2.36" x 1.18") rails
- 2 SHS 40 x 40 (1.57" x 1.57") posts
- 4 easy to connect lugs
- 2 holes for ground pins

Standard Panel
This strong heavy duty panel is equipped with:
- 6x oval 70 x 45 (2.75" x 1.57") rails
- 2 SHS 50 X 50 (2" x 2") posts
- 4 easy to connect lugs
- 2 holes for ground pins

Premium Panel
This strong heavy duty panel is equipped with:
- 6x oval 115 x 42 (4.52" x 1.65") rails
- 2 SHS 50 x 50 (2" x 2") posts
- 4 easy to connect lugs
- 2 holes for ground pins

All panels can be pre-ordered in Hot Dip
Galvanised (HDG) after welding

BRAZZEN

CATTLE

Sliding Cattle Gate

- Ideal for use with two cattle panels and a sliding gate to create a budget crush
- Easy operation with roller sliding

Suggestion for use:
1x Sliding Gate
1x Head Bale
2x Standard panels

PREMIUM SLIDE GATE

STANDARD SLIDE GATE

BLIND CATTLE SLIDE GATE

	Width	Depth	Height	Weight
Standard Slide Gate **CGSS**	850(2.79')	220(0.7')	1970(6.46')	80kg(176lb)
Premium Slide Gate **CGPS**	850(2.79')	220(0.7')	1970(6.46')	84kg(185lb)
Blind Cattle Slide Gate **CGSSB**	850(2.79')	220(0.7')	1970(6.46')	

2 Way Sliding Cattle Gate

- This sliding gate can be operated from both sides or locked off for single side operation

	Width	Depth	Height	Weight
2 Way Sliding Gate **CG2WS**	850(2.79')	370(1.21')	1970(6.46')	96kg(212lb)

Standard Force

- The force yard allows the handler to push cattle into the race system with minimal risk to the handler
- Innovative braking system stops the cattle from pushing the gate back therefore protecting the operator
- The curved layout works with the natural behaviour of how cattle run and tend to circle back to where they came from
- Standard Slide Gate Available

OFFSIDE FORCE AVAILABLE

- When using an offside force yard and a standard crush, the force yard requires the walkway to allow operation from the outside in line with crush operation

		Width	Depth	Height	Weight
Blind	**CFYB**	6300(20.67')	3150(10.33')	2200(7.22')	777kg(1713lb)

Pig Gate

		Length	Height	Weight
Pig Gate 2.0m	PG2.0	2000(6'6")	1092(3'7")	50kg(110lb)

Sheep Loading Ramp

- Manufactured from galvanised steel
- Handy lugs for ground pinning
- Fully sheeted
- Fully adjustable height for trailer to truck loading

STANDARD SHEEP RAMP

OPTIONAL WALKWAY
KIT AVAILABLE

		Length	Width	Height	Weight
Standard Ramp	**SLR**	3055(10')	650(2.13')	2250(7.38')	284kg(626lb)
Walkway Kit	**SLRWK**	3400(11.15')	310(1')		50kg(110lb)

Rustler Ramp

- 3 piece design easily flat packed for transport
- Ideal for use with a chute or trailer

		Length	Width	Height	Weight
Rustler Ramp	**SFL**	2300(7.5')	600(2.0')	900(3.0')	94kg(207)

BRAZZEN

Curved Race Kit

- Assisting to process a large number of stock at a faster rate, improving productivity
- Reduces animal stress
- Sheep will move forward looking for an opening

	Width	Depth	Height	Weight
Race Curved Kit **SRCK**	5010(16.4')	2500(8.2')	1100(3.6')	280kg(617lb)

Adjustable V-Race

- Manufactured from galvanised steel
- Fully sheeted
- The 'v' profile minimises the chance of small stock turning around in the race
- Races have a fully sheeted outer arc (prevents legs and heads getting out, and improves stock flow)
- Races are made without overhead bracing. This eliminates the danger of an operator getting his arm caught between the yard and beast

2 or 3 Way Sheep Draft Gate
- Assisting to process a large number of stock at a faster rate, improving productivity

SG3W

SG2W

MOBILE ADJUSTABLE V-RACE

		Length	Depth	Height	Weight
Sheep Race	**SRA**	3410(11.2')	540(2.13')	1020(3.77')	186kg(410lb)

FEEDERS

Round Hay Feeder

- Holds 6ft round bales
- Feeds up to 14 animals simultaneously
- 3 piece construction makes it easy to relocate (3x FRP makes one ring)
- Manufactured from hot dipped galvanised pipe

	Width	Height	Weight
FRP	2000(6.56')	1050(3.44')	33kg(73lb)

Rectangle Hay Feeder

- Holds 2x6 ft round bales
- Feeds up to 20 animals simultaneously
- 4 piece construction makes it easy to relocate (2x FRP +2x FSP makes one ring)
- Manufactured from hot dipped galvanised pipe

	Width	Depth	Height	Weight
FSP	3477(11'4")	1791(5'9")	1050(3'4")	36kg(79lb)

Square Bale Cradle Feeder

- Holds large rectangle bales
- Keeps bales raised off the ground
- Manufactured from hot dipped galvanised pipe

	Width	Depth	Height	Weight
FSC	2900(9.5')	1500(4.92')	1080(3.54')	126kg(278lb)

Diagonal Feeder

- Holds large rectangle bales
- Keeps bales raised off the ground
- Manufactured from pre-galvanised material

		Width	Length	Height	Weight
Diagonal Feeder	FD18	1524(5')	5486.4(18')	1295(4'3")	246kg(542lb)

BRAZZEN

Square Bale Feeders

- Modular type, can be bolted into single/double ones
- Can fit one large square bale
- Feeds up to 22 animals simultaneously
- 4 Piece construction makes it easy to relocate
- Hot dipped galvanized after welding

		Width	Length	Height	Weight
Square Bale Feeder-Straight Bar	**FSS**	1524(5')	2743(9')	1295(4'3")	142(313lb)
Square Bale Feeder-Angled Bar	**FSA**	1524(5')	2743(9')	1295(4'3")	140(309lb)

Round Bale Feeders

- Holds 6 ft round bales
- Feeds up to 18 animals simultaneously
- 2 piece construction makes it easy to relocate
- Manufactured from pre-galvanised material

		Diameter	Height	Weight
Round Bale Feeder-Straight Bar	**FRS**	2133.6(7')	1295(4'3")	103kg(227lb)
Round Bale Feeder-Angled Bar	**FRA**	2133.6(7')	1295(4'3")	93kg(205lb)

Line Feeders

		Width	Length	Height	Weight
Line Feeder 5.0	**FL-5**	1524(5')	1524(5')	1295(4'3")	24kg(53lb)
Line Feeder 9.0	**FL-9**	1524(5')	9'	1295(4'3")	41kg(91lb)
Line Feeder 18	**FL-18**	1524(5')	18'	1295(4'3")	82kg(182lb)

Round Bale Cradle Feeder

- Full 32nb pipe
- Holds 1x round bales

		Width	Depth	Height	Weight
Round Bale Cradle Feeder	**FRC**	1645(5'5")	1532(5')	1216(4')	142kg(313lb)

Small Cradle Feeder

- Small round bale cradle feeder
		Width	Depth	Height	Weight
Small Cradle Feeder	**FRSC**	1475(4'8")	1415(4'6")	670(2'19")	50kg(110lb)

Dual Hay Feeder

- Holds 2x round bales or 1x large

		Width	Depth	Height	Weight
Dual Hay Feeder	**FSCS**	2900(9'5")	2250(7'3")	1216(3'9")	128kg(282lb)

BRAZZEN

Sheep Trolley Feeder

- Ideal to keep the weather off stock-feed
- Reduces waste
- Supplied with 4x10" wheels x 1" bore with rubber tyre with 2'7½" wide lid c/w protex fastening and lid catch
- Double sided 3"x 3" hay-rack

		Width	Depth	Height	Weight
Sheep Trolley Feeder	FTS	1270(4'2")	330(1'11)	686(2'3")	52kg(115lb)

Sheep Hanging Feeder

		Length	Height	Width	Weight
Sheep Hanging Feeder	SF008	559(1'10")	305(1')	457(1'6")	4kg(9lb)

Horse Hay Feeder

		Width	Length	Height	Weight
Horse Hay Feeder	FHH	1676(5'5")	2,819(9'3")	1,346(4'5")	196.86kg(434lb)

Lick Feeders

- Unique barrel design increases strength and does away with the need for internal supports
- Sizes available 800ltr, 2400ltr, 3200ltr, 4200ltr & 5200ltr
- Fully adjustable
- Full top hinge opening lid
- 3 viewing feed level indicators
- Robust galvanised contruction with fork slots for easy moving

		Length	Width	Height	Weight
800ltr	SFL800	1171(3.8')	1232(4')	1435(4.7')	151kg(322lb)
2400ltr	SFL24	2265(7.4')	1147(3.76')	1750(5.74')	315kg(695lb)
3200ltr	CFL32	2265(7.4')	1167(3.83')	2100(6.89')	394kg(867lb)
4200ltr	CFL42	2265(7.4')	1405(4.61')	2250(7.38')	446kg(893lb)
5200ltr	CFL52	2919(9.5')	1574(5.16')	2223(7.29')	520kg(1146lb)

BRAZZEN

Grain Self Feeders

Lienert Ag Supplies manufacture and supply a range of both mobile and stationary stock self grain feeders. The Lienert range is of a unique design with some features completely unique to the Lienert range. Designed specifically by Matt from his own experience to help make feeding stock simple and time effective has assured the product remains highly competitive on the market for its capabilities.

- Fully adjustable flow control gate
- 1.1m wide lid opening - easy filling with no spillage direct out of silo and auger
- Easy roll over tarp - canvas guarantee of 10 years from date of purchase
- All bolted with high tensile M8 zinc plated bolts and nylock nuts, NO tek screws
- Quick release spring bolts on gate adjustment
- All mobile feeders can be towed full and in tandem
- Maximum of 25km/hr. when towing full Maximum of 100km/hr. when towing empty
- Extra wide rain shelters for protection of feed
- Deep feed tray to avoid spillage
- Jack stands on mobile units
- Full length sight glass
- Step ladder on outside and inside of all models
- Main body constructed from 1.6 gal sheet
- Skid frames 100 x 50 x 3 gal rhs
- Chassis 125 x 75 x 5 gal rhs

Extras Available
- Lick feeder attachments
- Creep feeder attachments
- Removable dolly's
- Flat pack options for easy and cost effective freight options

		Length	Width	Height	Weight

HOW TO RECOGNISE YOU ARE BUYING BRAZZEN GENUINE EQUIPMENT

BRAZZEN, OVER THE YEARS HAS BECOME A DOMINANT PLAYER IN THE LIVESTOCK EQUIPMENT INDUSTRY.

1 We pride ourselves in having excellent galvanising and even our upright posts are hot dipped galvanised on all our panels which is important as this is the part that touches the ground.

2 All the gauges/tube wall thickness of our rails and posts are exactly the thickness as stated in our specifications.

3 Our workers pride themselves in their welding and you will see the difference with our welding compared with our competitors.

4 All our equipment has the anti-rattle rubbers where the pins join the equipment.

"If it is not Genuine Brazzen there is no Brazzen Warranty"

5 Our standard cattle panels are 36kg in weight, the biggest deception with cheaper panels is the thin steel tube gauge which reflects in the weight of steel.

6 Some companies have cheap panels with only half a C clamp on one side to save on steel. When linked with other panels this is much weaker than the full C clamp. Beware of these inferior panels.

The factory manufacturing is controlled by Australians and so the quality control and the development are all looked after by Australians. Australia Livestock Equipment is known to be the most robust equipment throughout the world and a lot of Brazzen equipment in used in the Northern Territory and the outback where buffalos and wild cattle and horses are penned and captured in Brazzen Equipment.

We now have a lot of manufacturers starting to copy our equipment and trying to sell them as Brazzen Equipment.

For you to recognise genuine Brazzen Equipment, you will see a logo on the cap on the top of the posts on our panels, you will see a Brazzen sticker on the panels. A lot of our equipment will have the logo stamped in them.

If you have a farm and would like to make another income we are looking for dealers. Reach out if this is something you are interested in.

Do please keep buying Brazzen Equipment and make sure it is genuine.
